Judge Pryor Says Gov. Beckham Is Eligible.

Opinion is Quite Lengthy and is Concurred in By Capt. Ellis and Other Lawyers.

Frankfort, Ky., Oct. 24.—That Gov. Beckham is eligible to succeed himself is held by former Chief Justice Pryor and Hazlett, former Governor Proctor Knott, former Congressman W. T. Ellis and Col. Lewis McQuown, in an opinion furnished Beckham to-day. The question as to his eligibility was first raised public by ex-Congressman John K. Hendrick in a speech at Hopkinsville, a few days ago.

Gov. Beckham has not yet made a formal announcement of his candidacy to succeed himself, but will likely do so within the next few weeks. The Kentucky constitution provides that the governor shall be elected for the term of four years, but shall be ineligible to succeed himself. It is the claim of Gov. Beckham and his friends that at the close of his present term he will have only served three years and eleven months, and having not served a full term of four years, as prescribed by the constitution, he is eligible for re-election.

In his letter, which is concurred in by the four other distinguished lawyers, Judge Pryor says there is no doubt whatever in his mind that Beckham is eligible to succeed himself and quotes 70-71 of the constitution as authority. It is as follows: "Section 70.—He shall be elected for the term of four years by the qualified voters of the state. The person having the highest number of votes shall be governor; but if two or more shall be equal and highest in votes, the election shall be determined by lot in such manner as the general assembly may direct."

In speaking of the above section Judge Pryor says that it not only fixes the term, but in case of a tie empowers the legislature to determine which one of the two is to fill the office.

Section 71 then follows: "He shall be ineligible for the succeeding four years after the expiration of the term for which he shall have been elected."

He then asks what term has been provided or fixed so as to make Gov. Beckham ineligible for the succeeding four years? He answers the question by saying it is the term for which he was elected; and that term is definite and certain—four years. The opinion is a lengthy one and covers the case in detail from start to finish, and in closing he cited several cases established as a precedent in other states, and also the Helm-Stevenson-Leslie case of our own state, in which he says a precedent was established.

PROF. CALVIN RESIGNS.

Forced by Ill Health to Give up Clinton School.

Prof. Jas. M. Calvin, who went to Clinton, Ky., two months ago to take charge of the Clinton School, has been forced by ill health to give up his place as principal of the school. He found the climate of that river town too much for him and was almost constantly ill with fever. Fearing a general collapse of health, he finally resigned and returned to this city Sunday. The school he gave up was a desirable one, and there is an opening for some good teacher. It pays \$75 per month.

Prof. Calvin was well pleased with Clinton and his school and was pleasantly situated in every way except as to his health.

Venerable Minister Sinking.

Rev. A. W. Meacham, of Gracey, continues to grow weaker from the shock of the recent accident he sustained, and his condition is very critical.

HENDRICK TALKS.

Paducah Candidate Takes Issue With Judge Pryor.

Declares Beckham to be Ineligible And His Election Would Result in a Contest.

Frankfort, Oct. 25.—Hon. John K. Hendrick gave out an interview tonight, in which he takes issue with Judge W. S. Pryor, in the opinion advanced by the latter regarding Gov. Beckham's eligibility for re-election. In his argument Mr. Hendrick says that the position taken by Judge Pryor is untenable. He further calls attention to the fact that Beckham entertained a doubt as to the question of his eligibility, as he has so demonstrated by getting the opinion of a lawyer.

He cited numerous errors in Pryor's opinion and said he was sorry Pryor studiously avoided comment upon the unanswerable authorities presented by Wm. Read, ex-Attorney General Moss and others denying Beckham's ineligibility. He said the case of Gov. Preston H. Leslie was not analogous because Leslie was not elected by the people the first term, only holding six months by succession.

Mr. Hendrick says this still leaves the matter in doubt, and should Beckham make the race and be successful in the general election he would have to go through another contest with the probability of losing out in the end. For this reason he advises him to stay out of the race this time and allow Judge Black, General Breckinridge and himself to run it out and spare the State a contest.

Hendrick is getting stronger every day. The people of the State, recognizing his worth, are rallying to his support in numbers.

HE ATE SALT.

McCracken County Boy's Queer Mental Disorder.

H. Jenkins, a farmer of near Woodville, arrived from the Hopkinsville asylum with his 20-year-old son, who was sent there about five months ago. The boy's mind had become deranged and he ate salt continually and took laudanum to counteract the effect. He continued this until his health began to fail and the doctors advised that he be sent to the asylum. He consumed about a teaspoonful of salt daily. The boy has completely recovered.—Paducah Register.

Quail After November 15.

A misapprehension exists as to whether or not the legislature passed the bill introduced at the last session prohibiting the sale of quail killed in this state between the open dates for quail shooting, November 15 to January 1. The bill, it appears, failed to pass the senate, hence there is nothing this year to keep Kentucky hunters from marketing their quail in this and other cities of the state.

This will be good news to many country people, who have made inquiries of the local produce dealers and grocers in regard to the matter.—Paducah News-Democrat.

Want Damage Suit Transferred.

A petition has been filed in the Trigg circuit court at Cadiz, asking that the \$5,000 damage suit of Mrs. Nannie E. Wash against the Illinois Central railroad be transferred from the Trigg circuit court at Paducah. The petition was filed by James B. Trubee, of Louisville, and P. B. Garnett.—Paducah Register.

LAST CHANCE.

To-day and To-morrow For Supplemental Registration.

Only the Sick and Absent Can Take Advantage of the Opportunity.

The three days of supplemental registration began yesterday and will close at nine o'clock to-morrow night. About 600 voters in the city failed to register, but only those who were out of the city on the regular day or prevented by sickness can avail themselves of the opportunity afforded. The registration books are open in the office of the County Clerk and a good many persons qualified themselves yesterday.

In the event a state primary should be called next year, only those registered and re-registered as Democrats could participate in it. Without knowing it, many Democrats have disfranchised themselves for twelve months, even in possible primaries, by failing to register.

Mr. Jas. B. Allensworth has returned from Ardmore, I. T., where he went to get a young man from this county out of jail, who was imprisoned on a charge of obtaining money by false pretenses. The young man's name was divulged by Mr. Allensworth. He succeeded in securing his release, after his local attorneys had failed. He says a heavy damage suit will result. Mr. Allensworth was most favorably impressed with the great and booming West.

WILL RAISE PRICES.

Working Contract Believed to Have Been Entered Into September 1.

The International Harvester Company, capital \$120,000,000, which is to control the world's output of harvesting machines, is being put into shape rapidly. All of the details have been arranged, and all of the various plants are now the property of the International Harvester Company.

The amount raised for financing the combination was \$65,000,000, half of which is to be devoted to paying off minority stockholders of the companies merged, the balance to form the working capital of the big corporation.

Cyrus McCormick is the heaviest individual stockholder, with William Deering ranking second. There are no official news being given out as to the future, but it is generally believed that the working contract went into effect Sept. 1. The Milwaukee Harvester Company's official staff has been reduced to one-fourth.

Although the stock of the new company will be offered for sale, there is no intention of listing it on any exchange. In this particular the new company will follow out to a certain extent the exclusiveness which has always marked the progress and management of harvester companies. The general price of harvesters and binders will be raised to \$125 or thereabouts. Last year one or two of the firms in the combine sold these machines for less than \$100.

It is figured that the earnings of the new concern for the initial year, ending Sept. 1, 1903, will be in excess of 40 per cent. on the capital stock, taking the business of all companies for the previous year as a basis. The intention at present is to pay 12 per cent. annually and the balance over and above dividends will go into the surplus.

In its financial aspect the company is the strongest corporation in the United States. Plans for conducting the business on economical lines are already under way. In its "general agents" department the force will be reduced from 75, effecting a saving of at least \$500,000 annually. The new concern has little to fear in the way of opposition. It controls the right on harvesting patents, which will not expire for many years. The principal reason for acquisition of the Milwaukee plant was principally in the valuable patents controlled by it. At present the companies interested are apparently acting independently.—Chicago Record-Herald.

GRAND CONTEST.

A Challenge to the Fiddlers of Tennessee.

To THE FIDDLERS OF TENNESSEE, GREETING.

Our gracious sovereign, Lucifer Pluvius, Prince of Fiddlers in all the earth, having a grievance to lay before the good people of this great free country on account of the unjust oppression of his faithful subjects, the old time fiddlers of the land, has commanded me, his servant, to call a great convention of all the old time fiddlers in the States named to meet at Nashville, and to challenge the fiddlers of Tennessee for a friendly contest, as stated in His Majesty's Proclamation. In obedience to His gracious will and command, I, as the representative of the old time fiddlers of the State of Kentucky, do hereby challenge the old time fiddlers of the great State of Tennessee for a friendly contest to be held at Nashville, this Nov. 21, 1902. For further information address,

Jno. H. BIGGS, Glasgow, Ky. Dated at Glasgow, Ky., Oct. 15, '02.

All railroads entering the city will sell round trip tickets at about half fare from all points on their lines within one hundred and ten miles of Nashville. Everybody is invited to go and enjoy the trip, the music and the fun. The contest will take place at the great tabernacle auditorium, seating four thousand people, which will be made comfortable by steam heat and electric lights, all night.

Each person buying a ticket of admission to the contest before noon on the 21st, will have the right to guess, and the person guessing the number of tickets sold in all, for this contest, will receive one hundred dollars in gold.

Several fiddlers from Christian county will attend.

Of Interest to Women.

Women who have themselves suffered from the evil effects of constipation and indigestion will be interested in the following letter from a father whose daughter was given up to die by two physicians.

"My daughter has suffered from indigestion for the past five years and has tried nearly everything that she could hear of for such trouble. She was confined to her bed when she began taking Dr. Caldwell's Syrup Pepsin and after taking one 50 cent bottle she is able to walk a mile at a time and during the day yesterday walked 3 1/2 miles. I feel like praising Dr. Caldwell's Syrup Pepsin because two doctors told me my daughter could not get well and I feel that she is on a fair road to permanent relief.—Respectfully, J. H. M. Crocker, Nixon, Tenn., Aug. 6, 1900.

Dr. Caldwell's Syrup Pepsin is sold in fifty cent and \$1.00 bottles, under a positive guarantee, by all druggists.

A. B. LONG,

Twice County Jailer, Dies at Crofton.

Aquilla B. Long, of Crofton, died at his home Friday morning of erysipelas, aged about 65 years.

He was one of the most prominent Democrats in his part of the county. In 1878 Mr. Long was elected jailer on the Democratic ticket, defeating Anderson Morgan, and was re-elected in 1880 over Ed. Glaw, colored. In both contests he ran many votes ahead of his ticket. In 1886 he ran against Maj. Jno. W. Breathitt for county clerk, but was defeated.

He leaves a widow, three sons and two daughters. He was a member of the Christian church. His funeral was preached by Rev. W. H. Wright, of Russellville, Saturday afternoon. The interment followed in the Clark burying ground.

Church Wedding.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

VOTING CONTEST.

The Most Popular Lady In Christian County to Be Determined By Ballot.

The Winner Will Be Awarded a Set of Furniture worth \$110.

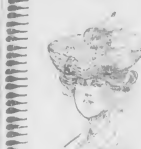

A VOTING contest was begun August 29, for four months, to determine by popular vote the most popular lady in Christian County. To the lady receiving the highest number of votes, we will present an elegant set of bedroom furniture, now on exhibition at Pyle & Ganett's. It is of quartered oak, of the finest make and latest style, and is worth \$110. The contest will close at 12 o'clock, noon, Monday, December 29, 1902. The plan will be as follows:

Every subscriber to the Kentuckian who pays back dues or cash in advance will be entitled to cast one vote for each five cents paid. That is to say, a subscriber who pays \$2.00 will have 40 votes, one who pays \$1.00 will have 20 votes and so on for any amount large or small. In every paper published there will be a coupon and these coupons when cut out and brought or sent to the office will represent each one vote. A subscriber will also have the privilege of gathering up coupons clipped by friends from their papers and voting them one at a time, or by the hundred if preferred. One will also have the privilege of buying papers at the office at five cents each and voting the coupons cut from them.

The coupon ballots will be deposited in a ballot box with two keys. One of these keys will be held by County Judge W. T. Fowler and the other by Mayor J. W. Henry. The box will be opened not oftener than once a week, all ballots then in it taken out, counted and certified to, sealed up in an envelope and replaced in the ballot box. The envelope will contain a statement of the votes in it, so that its contents will not need to be counted again until the official count at the close of the contest.

The last week of the contest the ballots may be deposited without showing them, so that the close of the contest may be secret and exciting to the end.

UNIQUE TROPHY CLOCK.

Made of Bone Shells and Ballets and Presented by its Inventor to Mr. Chamberlain.

An ingenious clock, which forms a curious memento of the siege of Mafeking, has been made by a Mr. Chamberlain, who was employed as an engineer to execute artillery repairs in the town during the investment. The clock itself is fixed into the base of a 100-pounder Long Tom shrapnel-shell which was fired into the town by the Boers. The front of this is decorated with the rifling band of a gun and with Mauser bullets. From the casing of the same 100-pounder shell the base of the clock has been manufactured, and the front decorations are formed by small Nordenfeldt shots, which were

captured with a 3000-foot gun from Lieut. Nisbet's armored train at Crepan. These shots were fired back into Mafeking during the siege. The back decorations are Mauser rifle shells with bullets all of which were fired into the long-suffering town. The central pillar, which carries the clock is made from the front part of a seven-pounder shrapnel shell was taken by the Boers when Dr. Jamson was rendered at Mafeking. At the back of the clock is a little door carrying on the outside a circular mirror and on the inside a portrait of Gen. Baden Powell. The clock, says the London Illustrated News, was made at Mafeking, and was presented to Mr. Chamberlain by the inventor.

Hate Hob Saboteur TILL.
Abelbert Wahler, a saloon keeper, of New Brunswick, N. J., has been missing money right along of late from his till. The thief took only little not bothering with the small change. The other morning Mr. Wahler pulled the drawer open and found a bill half inside it and the other half pulled through a small hole. Mr. Wahler took the drawer out and found that rats had gnawed a hole right up to the till and were carrying money away through the hole. He found a number of bills half chewed up in the cavity.
